Description

Description
It is possible to create a lot with the negative price value
Preconditions
There is at least 1 user in the system
Steps to reproduce
1. Log In as a user
2. Click on the "Add new lot" button
3. Create the lot with all the correct fields except the price
4. Type the negative value in the price field
5. Click "Create"
Expected result
An error occurs with the message "Price value is incorrect"

Actual result
The system lets you create a lot with the negative price
